

## EDIUS ID Registration

for Grass Valley EDIUS Pro 8

# APPLICATION NOTE

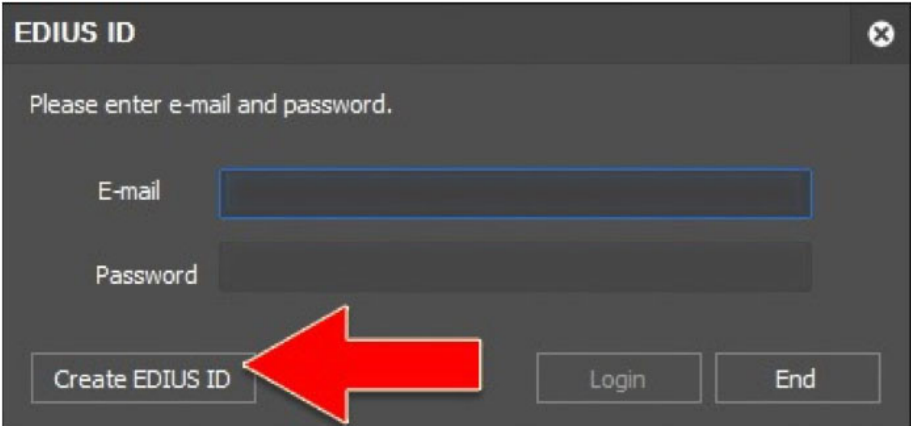

**Important:** Before you begin to install EDIUS Pro 8, you should first manually **uninstall** all previous EDIUS versions from your system.

With EDIUS 8, an EDIUS ID registration system has been introduced. Your EDIUS ID is linked to your serial number(s) and helps you to keep track of the status of your product activations.

Before you can activate your EDIUS Pro 8 software, you have to create an EDIUS ID.

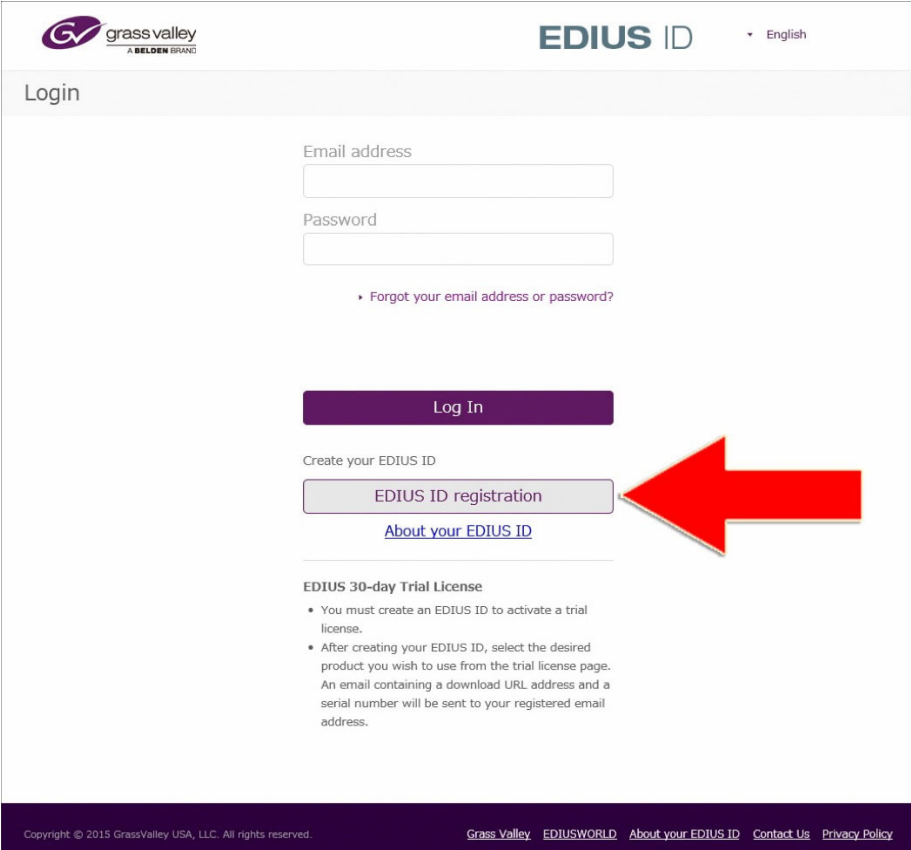

When you have installed EDIUS Pro 8, and you start EDIUS for the first time, the window displayed above will pop up.

1. Click the [Create EDIUS ID] button.

The image shows a dark-themed window titled "EDIUS ID" with a close button in the top right corner. The text "Please enter e-mail and password." is displayed. Below this, there are two input fields: "E-mail" and "Password". At the bottom, there are three buttons: "Create EDIUS ID", "Login", and "End". A large red arrow points to the "Create EDIUS ID" button.

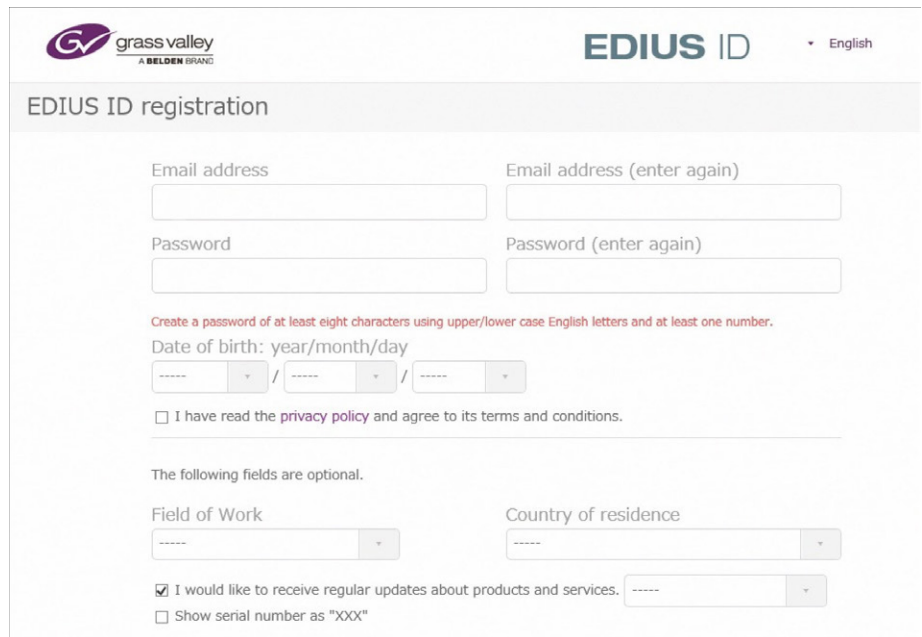

2. To register an EDIUS ID for the first time, click the [EDIUS ID Registration] button on the page shown on the right.

The image shows a web page for "EDIUS ID" registration. The top header includes the "grass valley A Belden Brand" logo on the left, "EDIUS ID" in the center, and a language selector "English" on the right. Below the header is a "Login" section with "Email address" and "Password" input fields, a "Forgot your email address or password?" link, and a "Log In" button. Underneath is a "Create your EDIUS ID" section with an "EDIUS ID registration" button, a link to "About your EDIUS ID", and a section for "EDIUS 30-day Trial License" with bullet points explaining the process. A large red arrow points to the "EDIUS ID registration" button. The footer contains copyright information and links to "Grass Valley", "EDIUSWORLD", "About your EDIUS ID", "Contact Us", and "Privacy Policy".

3. Complete all the required fields, including e-mail address, password and your date of birth and agree to the terms and conditions of the privacy policy.

**Important:** Create a password of at least **eight** characters using **upper/lower case** and at least one **number**.

**Precautions:**

- The registered email address/password combination should always be different from that used with another ID service. Using the same email address/password combination with multiple services increases the risk of unauthorized access.
- The registered email address/password combination should become important license information. Never provide this information to another person. If the email address/password combination should become disclosed, change it right away. We cannot make any warranties related to the leakage of email addresses and passwords unrelated to this system.
- You will need your date of birth if you forget the registration you registered.
