Update History

This Service Pack fixes/improves the following issues:

- Cannot select audio monitor channel in R1
- Unnecessary CPU usage decreases media drive performance
- Timecode chase does not work in 23.98/24/25/29.97p frame rates
- Last timecode (VITC) is still output from player channel even after unloading a clip
- Audio scratch noise appears while playing certain type of clip (SFDC00664948)
